ELECTRIC LIGHT PLANT INCREASES BUSINESS

On investigation, we find that the City Light Plant has increased its business considerably since the first of January, 1915, at which time there were 313 customers consuming light or power. On November 1, 1915, there were 338 customers, an increase of 25. This means that this many more homes and business places are users of electricity. We understand that there are several more homes to be wired in the near future. These conditions speak well for the plant and go to show that there is an optimistic feeling pervading the city.

FILLING STATION INSTALLED LATEST IMPROVED BOWSER

The Lead Belt Furniture and Undertaking Co. recently installed a gasoline reservoir and filling station in front of its place of business where autos may take on a fresh supply of perfectly filtered gasoline. The gasoline passes through a filter going into the reservoir and coming out, thus being doubly filtered.

The reservoir has a capacity of 170 gallons. The pump used in drawing the gasoline from the reservoir registers very accurately—even to a cent.

This station being on the highway and easy of access, makes it appealing and convenient to the public when a new supply of gasoline is needed.

RELATIVE TO OUR FINANCIAL INSTITUTIONS

Farmington is very proud of the three Banking Institutions which are owned by some of the most substantial people in the county. They are backed by men of ability and good judgment and are as solid financially and otherwise as the Rock of Gibraltar. Any business entrusted to these banks is certain to be cared for in first class shape.

Following is a list of those owning stock in each of these banks:

DOLLAR CHRISTMAS FUND FOR BELGIANS

Mrs. Cavell's Death Inspires Charity

Mr. Henry Clews of Broad St., New York, Treasurer of the Dollar Christmas Fund for Destitute Belgians, acknowledges the receipt of a first installment of \$4,000 in answer to his second annual plea.

Scores of letters bear testimony to the wave of sympathy aroused by the sufferings and death of Miss Cavell, the heroic nurse, and the increasing desire to alleviate the lot of non-combatants in Belgium. One subscriber wrote "Last year I gave the fund \$25.00. This year after reading of Miss Cavell's

last hours on earth I subscribed \$50." Mr. Clews points out that the conditions in Belgium grow worse as winter approaches and renews his appeal for donations which should be addressed to him as Treasurer at 15 Broad St., New York.

The Secretary of the Fund, Percy Bullen, 66 Broadway, N. Y., is authorized to send collecting sheets to all responsible persons. Sir Johnston Forbes-Robertson now touring Southern States, will give a performance of Hamlet in aid of the Dollar Christmas Fund, while Messrs. Granville Barker and Percy Burton, now producing Bernard Shaw's Androcles and the Lion, have promised the proceeds of two matinees.

AN INTERESTING LETTER FROM ONE OF THE BOYS

Leadwood, Mo.

Mr. Editor:—As a laboring man, I am interested in the outcome of the present disturbed conditions existing among the stockholders of the St. Joseph Lead Company. For many years I have been more or less familiar with the affairs of this concern. I knew it in the days of C. B. Parsons' judicious, humane management. Then the men were contented, their wages were good. Their home life was much pleasanter and happier than the average mining town. I think the reason for this is, that Mr. Parsons living among the men, knowing them and their conditions intimately, and being honest in heart endeavored to give to each and every man a just and reasonable share of recompense for the part he took in building up the concern.

I have known the company since Mr. Parsons' death, when the active control passed into the hands of men who are strangers to the real situation; are not in sympathy with the common man and are wholly out of touch and at variance with actual conditions as they exist. They do not understand the situation because they do not live here and the only time they ever see the place is when they make their "special" trips here, and of course under such circumstances can at best get only a superficial knowledge of the situation. The whole story of the life and welfare of any enterprise is never told in tables of statistics. There is a human side that must be taken into account. This is our part in the structure. What the company needs more just now than anything else is to have its management in the hands of men who actually live here and know the conditions at first hand.

Mr. Robert Holmes of St. Louis is such a man. If he were on the Board of Directors, together with enough other native Missourians, I believe the company's troubles would cease and the men would be happy and contented as formerly. This is not merely an opinion. It is the conviction of hosts of the men who labor for the company.

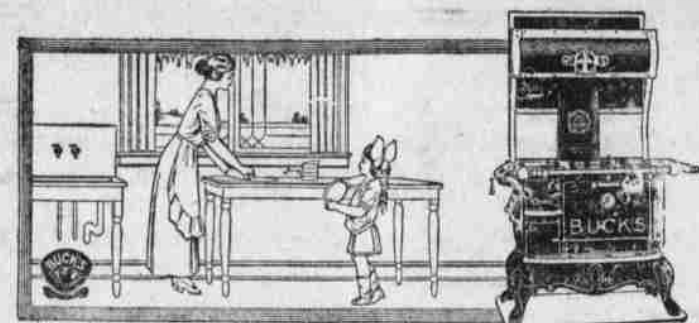

ONE OF THE BOYS.

Beware of Cheap Substitutes

In these days of keen competition it is important that the public should see that they get Chamberlain's Cough Remedy and not take substitutes sold for the sake of extra profit. Chamberlain's Cough Remedy has stood the test and been approved for more than forty years. Obtainable everywhere. (adv.)
